Aims and objectives of this session
The main aim of this session is to introduce ESRU, to present our projects and to announce our upcoming activities. ESRU is one of the most active working groups within the EAU and there are lots of issues to present during YUORDay Sessions. Also there will be specific presentations about YUO, YAU, EUSP, EBU and ESU. The lectures were especially designed for resident education. During YUORDay, there will be the Campbell Quiz and also awards. We invite all the residents and urologists to attend this fruitful program and join us to be informed about recent issues.
