

4th ESO Prostate Cancer Observatory: Innovation and care in the next 12 months

Special session

Friday, 24 March
10:00 - 11:45

Location: Room Vienna, North Hall (Level 1)

Chairs: R. Valdagni, Milan (IT)
H. Van Poppel, Leuven (BE)

Aims and objectives of this session

ESO Observatories are high level sessions organised during major international congresses with the aim of providing the audience with updated and unbiased information on a given topic. An ESO Observatory lasts about 1 hour and half and concentrates on a forecast given by a panel of experts of what is expected to happen in their own field in the coming 12 months. The Panel includes distinguished clinicians and scientists and a patient advocate.

The forecast by each panelist is given in the form of a concise, take-home messages with a 7 minute presentation followed by 3 minutes of discussion. The forecast will be discussed by the panel.

10:00 - 10:05

Introduction

H. Van Poppel, Leuven (BE)
R. Valdagni, Milan (IT)

10:05 - 10:15

The researcher's perspective

N. Zaffaroni, Milan (IT)

10:15 - 10:25

The urologist's perspective on surgery

D. Tilki, Hamburg (DE)

10:25 - 10:35

The urologist's perspective on active surveillance

S. Joniau, Leuven (BE)

10:35 - 10:45

The imaging specialist's perspective on MRI

C. Moore, London (GB)

10:45 - 10:55

The pathologist's perspective

T. Van der Kwast, Toronto (CA)

10:55 - 11:05

The radiation oncologist's perspective

M. Bolla, Grenoble (FR)

11:05 - 11:15

The medical oncologist's perspective

M. De Santis, Coventry (GB)

Special session

11:15 - 11:25

The imaging specialist's perspective on PSMA

U. Haberkorn, Heidelberg (DE)

11:25 - 11:35

The patient's perspective

L. Denis, Antwerp (BE)

11:35 - 11:45

Discussion and take home messages
