

ESU/ESFFU Hands-on Training Course in OnabotulinumtoxinA administration for OAB

HOT15

Saturday, 25 March
09:30 - 11:00

Location: Room Europe, Exhibition Hall (Level 1)

Chair: H. Hashim, Bristol (GB)

Aims and objectives of this session

Botulinum toxin type A administration in Urology has become common practice over the last two decades. Following the completion of Phase 3 registration trials in OAB, OnabotulinumtoxinA received marketing approval for this indication and now has a standardised injection paradigm. This course is procedure-focused, and will teach attendees the practicalities of OnabotulinumtoxinA administration through short lectures, videos and hands-on demonstrations using bladder models. Attendees will learn how to reconstitute the product and see different types of equipment available.

Target audience: For all participants with an interest in OnabotulinumtoxinA administration for OAB

R. Inman, Sheffield (GB)

M.S. Rahnema'i, Heerlen (NL)

A. Sahai, London (GB)
