Men's sexual health: Focus on treatment of erectile dysfunction and Peyronie's disease

**Location:** Room 7, Capital suite (level 3)

**Chairs:** M.M. Fode, Herlev (DK)
D. Hatzichristou, Thessaloniki (GR)
J. Romero Otero, Madrid (ES)

*Aims and objectives of this session*
This session will provide the audience with the most recent clinical evidence on the treatment of erectile dysfunction and Peyronie's disease. The main aim is to leave the audience with ideas which can be implemented in everyday clinical practice.

Poster viewing of 20 minutes. Presentations will take place on stage. Standard presentations are 2 minutes in length, followed by 2 minutes for discussion. Extended presentations (+) are 3 minutes in length, followed by 3 minutes for discussion.
