**Video Session 08**

**Improving outcomes in minimally invasive partial nephrectomy**

**Video Session 08**

**Location:** eURO Auditorium (Level 0)

**Chairs:** To be confirmed

N. Barber, Camberley (GB)

C. Llorente, Madrid (ES)

**Aims and objectives of this session**

This session will feature up-to-date reports and demonstrations of advances and variation in techniques employed in performing partial nephrectomy that aim to improve the trifecta of outcome – that is, warm ischaemia time, blood loss and rate of positive margins.

All presentations have a maximum length of 8 minutes, followed by 4 minutes of discussion.
