

Improving outcomes in minimally invasive partial nephrectomy

Video Session 08

Sunday, 26 March
15:45 - 17:15

Location: eURO Auditorium (Level 0)

Chairs: To be confirmed
N. Barber, Camberley (GB)
C. Llorente, Madrid (ES)

Aims and objectives of this session

This session will feature up-to-date reports and demonstrations of advances and variation in techniques employed in performing partial nephrectomy that aim to improve the trifecta of outcome – that is, warm ischaemia time, blood loss and rate of positive margins

All presentations have a maximum length of 8 minutes, followed by 4 minutes of discussion.
