Aims and objectives of this session
Intracorporeal reconstructive surgery is challenging. The aims and objectives of this session are to present different approaches to intracorporeal neobladder reconstruction. Different centres of excellence will present their standardised approach and we will discuss the potential advantages (and disadvantages) from these different techniques and examine the current evidence.

All presentations have a maximum length of 8 minutes, followed by 4 minutes of discussion.

V17
**Laparoscopic robot-assisted intracorporeal modified Studer orthotopic neobladder following radical cystectomy**
By: John H.¹, Padevit C.¹, Horton K.¹, Hosseini A.², Wiklund P.²
Institutes: ¹Kantonsspital Winterthur, Dept. of Urology, Winterthur, Switzerland, ²Karolinska Institutet, Dept. of Urology, Stockholm, Sweden

V18
**Laparoscopic radical cystectomy with intracorporeal heterotopic urinary diversion in a female patient with solitary kidney**
By: Nosov A., Reva S., Berkut M., Petrov S.
Institutes: N.N.Petrov Research Institute of Oncology, Dept. of Oncourology, Saint-Petersburg, Russia

V20
**Long term follow up and outcome of a new technique of ureteroileal anastomosis: Tube in tube technique**
By: Singh A., Bansal P., Chatterjee S., Rawal S.
Institutes: Rajiv Gandhi Cancer Hospital & Research Center, Dept. of Urology, Delhi, India

V21
**Laparoscopic intracorporeal orthotopic ileal neobladder with double afferent isoperistaltic limbs**
By: Xing N.
Institutes: Beijing Chao-Yang Hospital, Capital Medical University, Dept. of Urology, Beijing, China

V22
**Robot-assisted radical cystectomy with totally intracorporeal orthotopic ileal neobladder: Preliminary experience**
Institutes: University of Florence, Dept. of Urology, Florence, Italy

V23
**Laparoscopic heterotopic and orthotopic intracorporeal urinary diversion: Reporting our experience**
Institutes: Sapienza University of Rome, Dept. of Medico-Surgical Sciences and Biotechnologies, Urology Unit, Latina, Italy

V24
**Robotic intracorporeal Padua ileal bladder: Surgical technique, perioperative, oncologic and functional outcomes**
By: Simone G.\textsuperscript{1}, Papalia R.\textsuperscript{2}, Misuraca L.\textsuperscript{1}, Tuderti G.\textsuperscript{1}, Minisola F.\textsuperscript{1}, Ferriero M.\textsuperscript{1}, Vallati G.\textsuperscript{3}, Guaglianone S.\textsuperscript{1}, Gallucci M.\textsuperscript{1}

Institutes: \textsuperscript{1}Regina Elena National Cancer Institute, Dept. of Urology, Rome, Italy, \textsuperscript{2}Campus Biomedico University, Dept. of Urology, Rome, Italy, \textsuperscript{3}Regina Elena National Cancer Institute, Dept. of Radiology, Rome, Italy
