**Poster Session 47**

**Prostate biopsy: Improving safety, quality and efficacy**

**Poster Session 47**

**Sunday, 26 March**
**14:00 - 15:30**

**Location:** Room Munich, North Hall (Level 1)

**Chairs:** S. Kruck, Tübingen (DE)  
V. Fradet, Quebec (CA)  
R.F. Van Velthoven, Brussels (BE)

**Aims and objectives of this session**
This session will evaluate, interactively discuss and critique recent submitted evidence about prostate cancer biopsy techniques and protocols. An emphasis will be placed on innovative techniques an approaches to increase procedural safety and diagnostic accuracy, and patient experience.

Poster viewing of 20 minutes. Presentations will take place on stage. Standard presentations are 2 minutes in length, followed by 2 minutes for discussion.
